We offer and recommend a flat rate pricing model. In addition to everything outlined above, this plan includes unlimited on site and remote tech support for every PC/Server included in the plan. We are happy to extend a discounted rate to the library of \$1,750 per month, for an initial twelve month term. This includes unlimited support for the following 97 devices:

- 37 staff computers
- 55 public computers
- 2 printer/copiers
- 3 servers

\$2000 one time implementation fee covers:

- Remote access and monitoring licenses for all stations

Support plan also includes MX-Logic hosted spam filter. This is the best spam filter available to help protect your users from spam. Also adds a layer of security for your Exchange server to protect it from spammers trying to relay mail through the server. There is also a spooling feature will automatically hold and save all emails in the even the power, internet, server goes down at the office.

At the end of the initial term, we will perform an analysis, and propose either a decrease or increase in fees for the renewal term, subject to approval by the library.

### All Inclusive Fixed Rate - Web Services

We also offer and recommend a flat rate pricing model for website update services. This includes website hosting and unlimited content changes to the site for \$99 per month. Website feature or enhancement changes if needed can be quoted out on a per project basis.

Authorize library staff to solicit services for an interior designer

DATE:

April 22, 2013

### BACKGROUND

The discussion of the facility improvement project was reconvened at the Placentia Library Friends Foundation (PLFF) board meeting on April 8, 2013. The purpose of the discussion was to identify the level of financial commitment from PLFF to determine the extent of the project. The PLFF board voted to recommend a minimum of \$100,000 for the project for the PLFF Financial Committee to discuss and consider.

PLFF Financial Committee met on April 15, 2013 and the committee will recommend a suggested amount of \$100,000 for the facility improvement projects.

PLFF request that designs of the improvements to the meeting room and the staff lounge be presented at the May Library Board of Trustees meeting. Library staff seeks authorization to procure services for an interior designer to provide designs for the facility improvement project.

Fiscal Impact: To be determined

## RECOMMENDATION

Authorize library staff to solicit services for an interior designer to provide two designs for the meeting room and staff lounge facility improvement projects, to be presented at the May 20, 2013 Library Board of Trustees meeting.

SUBJECT:

Authorize postponement of the request for proposals for the purchase

and installation of a backup generator

DATE:

April 22, 2013

#### BACKGROUND

The Placentia Library Board of Trustees and library staff discussed the possible purchase of a backup generator for use during emergencies. Library staff received a written preliminary cost estimate from Integrity Electric for the purchase and installation of a generator. The estimated cost is \$175,000. Another electrician from Sergio Electric provided a verbal estimate of a minimum of \$110,000. Library staff can also research the possibility of federal funding such as the Emergency Solutions Grants (ESG) which the Library may be eligible as a subrecipient.

It is anticipated that the facility improvement projects will move ahead this fiscal year with completion into the beginning of the 2013-2014 fiscal year. Library staff recommends a postponement of the backup generator until the 2014-2015 fiscal year due to budget constraints.

Attachment A is a quote from Integrity Electric

Fiscal Impact: \$100,000+

#### RECOMMENDATION

Authorize postponement of the request for proposals for the purchase and installation of a backup generator until Fiscal Year 2014-2015.
