PLACENTIA LIBRARY DISTRICT BOARD OF TRUSTEES

TO: Library Board of Trustees
FROM: Jeanette Contreras, Library Director
SUBJECT: Library Board of Trustees Agenda Material – Electronic Option
DATE: December 20, 2010

BACKGROUND

The Placentia Library District currently provides hard copies of the Library Board of Trustees Agenda packets at the public desk and additional copies during the meetings. The agenda material for the Library Board of Trustees meetings is also included on the District's website. Reducing the number of agenda books prepared for each meeting reduces labor and supply costs.

Other public agencies have converted to a paperless option for their agenda packets which have resulted in a cost savings to those agencies.

Tablet computers represent a mid-point between smart phones and netbooks and can work with wireless data networks to extend the power of computing into new areas of life. Using a touchscreen instead of a hardware keyboard, and designed as personal web-surfing, and media playback devices, tablets also function as e-readers, either through included software or add-ons. This combination of portability and decreasing costs has caused many organizations to take advantage of this technology to push in-house publishing onto electronic formats and distribute copies electronically. Agenda documents and meeting materials, which can be the most complex documents produced by an organization, can be reproduced and distributed electronically for a fraction of the cost of traditional print methods. A common e-reader facilitates training and simplifies use of the new formats.

Cost Analysis:

- Paper Option (staff costs for printing, collating and distributing printed packets)
 - 11 Regular meetings \$ 3,487
 - 6 Special meetings \$ 408
 - Estimated cost for 2010 \$ 3,895

- Electronic Option (staff costs for electronic formatting and distribution)
 - 11 Regular meetings \$ 748
 - 6 Special meetings \$ 150
 - Estimated cost for 2010 \$ 898

- **Estimated Annual Savings \$ 2,997**

The Apple iPad is the market-leading tablet with a 10-inch touchpad and wi-fi connectivity. This device is also a personal media player and web-surfing platform. It works as an ereader as well. The iPad is able to integrate with the District's Microsoft Exchange email server to provide off-site access to emails and calendar options. The Apple iPad offers a wide variety of storage capabilities that would allow for the storage and retrieval of agenda reports including supporting documentations and presentations. The prices range from \$499 - \$830. The devices would be assigned to the five Library Board of Trustees, Administrative Staff, and one backup for a total of 10.

Attachment A is a list of various tablet options.

Attachment B is the various iPad options.

Attachment C are responses from other public agencies regarding paperless option.

Fiscal Impact: \$5,000 - \$8,300

RECOMMENDATIONS

- 1) Authorize the Placentia Library District to move to electronic distribution of agenda packets or both regular and special meetings of the Library Board of Trustees; and,
- 2) Adopt a common tablet platform for the Library Board of Trustees and Administrative Staff.

PAPERLESS AGENDA INQUIRY FOR CITY COUNCILMEMBERS

City	Devices Offered to provide Council with paperless agenda packet	Who downloads the agenda packet to the equipment, staff or each councilmember?	Has Council adopted a policy for the use of electronic equipment during a public body meeting?	Did you realize cost savings associated with producing paperless agenda packets, specifically printing costs?	Did you realize cost savings related to staff time in assembling paperless agenda packets for your Council?	Is this experience satisfying? If not, what could you have done differently, if anything?
Brentwood	City issued laptops- most councilmembers do not use it. Use touch screens at the Council meetings so they do not need to bring any equipment with them.	Councilmembers are responsible for downloading their own agenda packets. Staff sends them a link when ready.	Not specifically for agenda packet.	Initial cost savings was paper costs, went from making 30 paper packets to 1	Huge time savings as it only needs to be uploaded once.	Process works very well and all staff members and members of the public also download the agenda packet.
Buelton	City issued laptop. Staff sends a broadcast email (below) and they click on the agenda and/or packet and download it (PDF format). <i>"The Joint CC/PC agenda and packet for the meeting of 7-22-10 are available on the City's website."</i>	Each councilmember downloads onto their City issued laptop. They also have City issued wireless units at home.	No.	Saving on printing/copying costs and spending on laptops/software upgrades as needed.	Definitely less time to put together-absorbed two positions and am now doing Personnel in addition to CC duties.	Process works very well. Bookmark all agenda items and attachments so it's easy to move around. Secure the packet so no one can tamper with it. Because the agenda is built in Acrobat, it is completely searchable which is nice. It would be difficult to go back to paper packets at this point.
Clayton	Councilmembers use their own personal computers for use at meetings.	Each councilmember downloads onto their personal computer. CCO provides them the packet on a flash drive in case there are any problems.	No.	Yes.	Yes!!	Yes.
Chico	Not providing paperless agenda packets at this time.		Yes. See attached

Downey	Laptops provided at Council dais. Packets are downloaded to flash drives and provided to Councilmembers.	Assistant City Manager downloads the packets to the laptops located in the Chambers. Laptops do <u>not</u> have Internet access.	No.			
Hollister	Councilmembers use re-cycled City laptops or bring their own. CCO scans packet into Laserfiche, bookmarks the agenda packet, and burns it to CD's that are provided to Council and some staff.	Councilmembers.	No. Laptops do not have access to the Internet.	Yes	Yes. This method is much faster.	Absolutely. Took time to bring it forward but it was worth it.
Huntington Beach	City issued iPads. IT staff supports the equipment. iPads containing fully agenda packet are provided to Council prior to the meeting, and after the meeting, they are expected to leave them at the dais.	CCO staff. Agenda packets are heavily bookmarked. Ipad allows Councilmembers to take notes.	No, but in the works.	Yes	Yes	Just embarking on this journey but expect it to be very successful.

Portola Valley	Laptops (first time at August 25 meeting). iPad is under consideration-still researching software requirements to support Ipad.	CCO emails link to Council and staff to the PDF file that contains the entire packet. Council brings the electronic packet (with notes) on a thumb drive and brings to Chambers to upload to their laptop prior to the meeting complete with notes. CC also uploads the packet to the laptop (minus individual notes). Note feature is available on the laptops in Council Chambers for Council to take notes during the meeting.	In the works.	Some monetary savings but more on paper and time savings.	Infancy stage of "paperless agenda packets." Undoubtedly will save time but won't be able to quantify until a few packets are produced.	Will report back at later date.
Redwood City			Yes. See Attached			
Sacramento	Netbooks, iPad, and portable laptops	Available on shared drive and Council Assistants capture for their councilmembers. Senior staff actually gets their own ePackets.	No. Rules are the same as any other communication.	Efficiency in citywide staff time is the bigger bang.	Time spent now is providing better product for all rather than just providing service for councilmembers (bookmarking/linking). See attachment Yes	Very satisfying. Ongoing process that will continue to improve the product and digital delivery choices. Initiative went well.
Saratoga	City provides laptops for Council's use at the dais.	IT staff downloads packet on the laptops.	Yes See attachment	Yes	Yes	Very satisfying; however, required some adjusting on the part of several councilmembers that were not computer savvy.

Watsonville	Sony EReaders since 5/09. Will be switching to iPads as soon as received from vendor.	City Clerk staff. CCO maintains control of the iPads.	No, but probably will.	See attached staff report to Council.	Yes. Able to eliminate 8 hours of duplication that it took the Admin. Assistant every other Friday. **"Linking Libraries to Help Haiti" Fundraiser
January 12 –February 9, 2011**

December 1, 2010

Dear *Mrs. Jeanette Contreras,*

After the January 2010 earthquake devastated Haiti, the Orange County Library Association <http://www1.chapman.edu/ocla/> sought ways to aid the severely damaged Haitian libraries. Haiti's very dedicated library staff currently operate lending systems with bins of books outside in the streets of the neighborhoods they used to serve, but we feel strongly that Haiti's children, young adults and adults need their libraries – a refuge where they can read, study, and escape their destitute surroundings.

On January 12, 2011, the first anniversary of the earthquake, OCLA will begin a fundraising project called **"Linking Libraries to Help Haiti"**. This endeavor will allow Orange County library users and staff the opportunity to donate 25 cents for a fabric link on which to write their name. Each link is joined to build each library's chain, and after 4 weeks, all libraries' chains will be connected. The chain of support and the donated money will be sent to FOKAL, the American Library Association's designated organization for Haitian library aide. FOKAL will give the money to our selected community library in Port-au-Prince, the Centre Culturel Pyepoudre, which is still struggling to rebuild.

OCLA's goal is to raise at least \$500, a modest amount but significant in Haiti. We have received wholehearted approval of the project from the American Library Association.

We recognize the tough times all our own local libraries are experiencing. OCLA knew that any fundraising project for Haitian libraries had to be designed so that it would not significantly impact staff and resources in our libraries, and would allow the broader community, especially library patrons, to participate in this worthwhile effort. **Here is how OCLA will make it easy:** we provide to each participating library all materials to be used in this fundraiser, and are responsible for all follow-up with the donated money and its accounting. OCLA also will handle publicity releases and each library's name will be included as a participant.

We promise to keep to mere minutes the time your library staff's attention would be requested. We hope you find this project worthy of your library's participation, even in these lean times. If you wish to participate, your contact person is listed below.

Yours Truly,

Yolanda L. García, OCLA President

YOUR CONTACT PERSON IS:

FACT SHEET

“LINKING LIBRARIES TO HELP HAITI” FUNDRAISER

January 12 – February 9, 2011

What are the dates of the fundraiser?

From January 12 through February 9, 2011. This is 4 weeks. Your contact person will deliver materials before January 12, 2011, and will provide instructions. All donations and chains will be picked up on or immediately after February 10, 2011.

How do we build the chain of links?

For the best results, please display the chain and the accompanying poster in a location where staff interacts with library users.

Staff and library users select a fabric link, drop one quarter for each link into the collection can, write their name on the fabric link if they choose to, staff staples the link to the chain. People may “buy” as many links as they wish. Every penny goes to the Haitian library (see below).

Donors may contribute checks made payable to OCLA. The check will remain with other cash donations in the collection can until February 9. If donors prefer to mail their checks, they may do so, and fabric links representing the amount donated will be added to the final chain by OCLA. Checks may be mailed to:

OCLA Haiti Project

c/o Joanne Hardy, OCLA Secretary

4802 Hamer Dr.

Placentia CA 92870

How are the donations protected?

In February when your contact picks up the donations and chain, he or she will count the donations and give you a receipt for the total collected. This amount will be delivered to the OCLA treasurer, Margot McLaren, who will deposit it to the OCLA account at Wells Fargo. An OCLA check will be written and mailed to ALA’s designated Haitian Library Aid organization, FOKAL.

On your part, we ask that the collection can be stored out of sight during library hours, and after library hours preferably in a secure cabinet or drawer. If you become aware of theft (the money should match the number of links in your library's chain), please notify your contact as soon as possible.

Which Haitian library is OCLA helping?

Centre Culturel Pyepoudre, 92 bis Rue Christ-Roi, Port-au-Prince, Haïti. See photos of it on the ALA webpage <http://www.ala.org/ala/aboutala/offices/iro/iroactivities/haiti-adopt-a-library.cfm>

The library has several youth groups including a reading club and a debate club. The earthquake destroyed the building in which the library was located. Staff is currently lending books to children and teens by taking bins of books out to the neighborhood they were serving.

Which OC libraries are participating in this fundraiser?

Nearly all types of libraries – public, academic, private, are asked to participate. School libraries require special arrangements however.

What or who is OCLA?

OCLA is the Orange County Library Association, a tax exempt organization created to promote the interest of all libraries in Orange County, to develop good public relations, to provide a means of information exchange, and to promote interlibrary cooperation. It exists exclusively for charitable and educational purposes. Members include individuals from all types of libraries, and those who are interested in library affairs. OCLA's website is hosted by Chapman University: <http://www1.chapman.edu/ocla/>

Can people donate in ways other than buying links?
